Travel to Costa Rica with Palmer
Feb. 20–26, 2015!

JOIN YOUR CHIROPRACTIC COLLEAGUES, THEIR FAMILIES AND PALMER STAFF ON A SIX-NIGHT EXOTIC JOURNEY TO COSTA RICA. Stay at one of the adjoining all-inclusive luxury RIU resorts—either the RIU Guanacaste Hotel or the brand-new RIU Palace Costa Rica Hotel. Surround yourself with forested mountains, lush vegetation and some of the most beautiful beaches in Costa Rica. Excursions from Guanacaste allow you to visit volcanos, tropical forests, hot-springs and many other unique landscapes.

In addition, for just $249 you can earn up to 12 hours of Continuing Education credits. The course is “Advancing Your Chiropractic Radiology Skills: A Case-Based Approach,” and will be presented by Ian McLean, D.C., DACBR. In order to maximize your time with family and friends, we have scheduled four hours of Continuing Education on three mornings. The rest of the time is yours to enjoy your Costa Rican adventure!

SPEAKER BIOGRAPHY/COURSE DESCRIPTION

Ian McLean, D.C., DACBR, a 1979 graduate of Palmer College of Chiropractic, is a professor and the director of the chiropractic clinical residencies and related support services for the Palmer Chiropractic Clinics. He also is director of Clinical Radiology and coordinator of the Radiology Residency Program.

“Advancing Your Chiropractic Radiology Skills: A Case-Based Approach” centers on interesting and sometimes peculiar cases encountered in chiropractic practice. Imbedded in the presentation will be discussions on the changing imaging environment pertinent to chiropractic practice, including discussions on digital X-ray and imaging techniques.

REGISTER TODAY!

For resort pricing, bookings and flights, contact Marie at KDM Travel at (800) 779-6614 or marie@kdmtravel.com.
