- Depression

You are not alone.

About one-third of U.S. college students have had difficulty functioning in the last 12 months due to depression, and almost half said they felt overwhelming anxiety in the last year (according to the 2013 National College Health Assessment, which examined data from 125,000 students from more than 150 colleges and universities).

**Personal Counseling Referral Program**

Life presents all of us with challenges we may not be prepared for or able to cope with on our own. It is okay to ask for help. Seeking professional counseling is a proactive step to address your needs and concerns.

**Up to five sessions, no questions asked, no cost.**

Local providers available to all Palmer students, spouses/partners and immediate family members.

**Follow these simple steps:**

1. **Select from any of the listed providers.** Check their websites to get a sense of who might be a good fit for you. You should feel comfortable talking with your counselor. If this is not the case, please schedule an appointment to meet with a staff member in Student Services to discuss the Personal Counseling Referral Program (PCRP).

2. **Schedule an appointment by identifying yourself as a Palmer student or immediate family member of a Palmer student.**

3. **When you meet with a counselor, they will ask you to provide a signed consent form for them to bill the College.** Your name appears on the billing only to confirm you are a Palmer student or immediate family member of a Palmer student. All billing is sent directly to Bridgett Lance, Program Assistant at Palmer’s Davenport campus for payment processing. Your participation in counseling is completely confidential.

You will not receive a bill for counseling sessions; however, if the counselor has a no-show fee or late-cancellation fee, you, the student, are responsible for these fees.
