

SPORTS CHIROPRACTIC:

A WINNING SOLUTION FOR ATHLETES

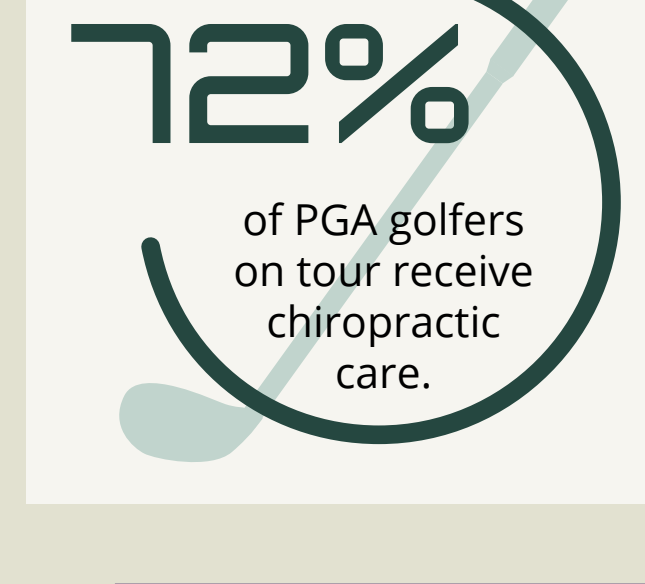

Competing as an athlete is tougher than ever. Against mounting competition, even minor improvements in performance can make a huge difference on the field. That's why athletes are increasingly turning to chiropractors specializing in sports care to help them train more effectively, prevent injuries and reduce recovery times.

CHIROPRACTIC CARE IN SPORTING EVENTS

CHIROPRACTIC CARE IN SPORTING EVENTS

NFL TEAMS WITH CHIROPRACTORS ON STAFF:

The majority of **NBA AND NHL TEAMS** also retain a **chiropractor**.

CHIROPRACTORS AT THE OLYMPIC GAMES

A chiropractor served as THE Chief Medical Officer for Team USA's multidisciplinary medical team from 2016 - 2018. He also served as Team USA's medical director before that.

Sports chiropractors have helped Team U.S.A. win more than 750 medals since 1980, including **314 GOLD MEDALS**

ABOUT 30 certified **chiropractic** sports physicians traditionally care for Team USA during the competition.

OTHER ATHLETIC EVENTS THAT UTILIZE CHIROPRACTORS:

- ▶ Pan Am Games
 - ▶ CrossFit Games
 - ▶ National Sports Festivals
 - ▶ New York and Boston Marathons
 - ▶ IRONMAN Triathlon
-

SPORTS CHIROPRACTIC IN HIGH SCHOOL & COLLEGE

Most major college athletic departments have a **chiropractor** on staff.

IN 2006 **39%** of NCAA college athletes received **chiropractic** treatment.

COMMON SPORTS INJURIES TREATED BY CHIROPRACTORS

WHICH SPORTS BENEFIT FROM CHIROPRACTIC CARE?

RUNNING

In one study, **100%** of runners with joint problems reported reduced symptoms and were able to **maintain or increase their training mileage** after receiving chiropractic care.

MARTIAL ARTS

National-level judo athletes developed a **16% stronger grip** after just three chiropractic sessions.

FOOTBALL

During the course of a football season, chiropractors give up to **16,320 - 27,200** adjustments to pro players.

BASEBALL

Regular chiropractic adjustments help baseball players significantly improve their **LONG JUMP DISTANCE AND INCREASE MUSCLE STRENGTH**.

BASKETBALL

Regular chiropractic care helps basketball players boost their **SPEED, FLEXIBILITY, RANGE OF MOTION, BALANCE AND STRENGTH**.

HOCKEY

Chiropractic care reduces **painful symptoms** of recurrent shoulder instability due to hockey injuries. **80%** of hockey related injuries can be managed with four or less treatments.

GOLF

90% of golf injuries involve the neck or back. Chiropractors can help golfers **correct postural imbalances** in their swing to prevent injury.

TENNIS

For the **50%** of tennis players who get tennis elbow, chiropractic joint manipulations **help ease discomfort**.

SOCCER

Soccer players **found relief from chronic groin pain** after only **EIGHT WEEKS** of chiropractic care and rehabilitation exercises.

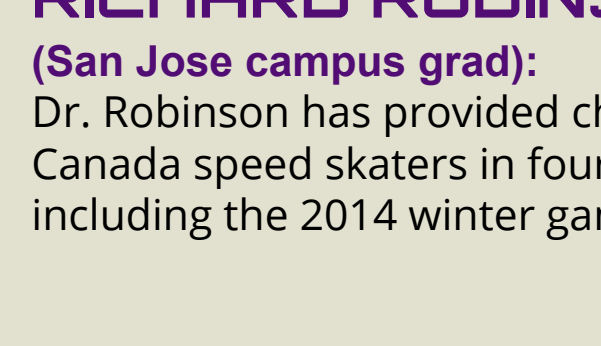

BOTH HIGH-IMPACT AND LOW-IMPACT ATHLETES CAN BENEFIT FROM REGULAR CHIROPRACTIC TREATMENTS

SPOTLIGHT ON PALMER SPORTS CHIROPRACTORS

Many renowned sports chiropractors attended Palmer College of Chiropractic—including 25% of chiropractors serving the NFL. Here are a few of the college's high-profile alumni:

JOSH AXE, D.C.
(Port Orange campus grad):
Dr. Axe founded one of the world's largest natural healthcare clinics and went on to create one of the top natural health websites. He cared for professional swimmers, including Ryan Lochte and Peter Vanderkaay at the 2012 Olympics.

RICHARD ROBINSON, D.C.
(San Jose campus grad):
Dr. Robinson has provided chiropractic care for Team Canada speed skaters in four different Olympiads, including the 2014 winter games in Sochi.

LINDSAY ALCOCK, D.C.
(San Jose campus grad):
Dr. Alcock represented Canada in two Winter Olympic Games during a stellar six-year World Cup career in the sport of skeleton.

MICHAEL MILLER, D.C.
(Davenport campus grad):
In 1983, Dr. Miller became the first on-staff chiropractor for an NFL team, serving the New England Patriots now for more than 30 years.
