

Align your future with Palmer College of Chiropractic

“There is a power within — a fountain head of unlimited resource — and he who controls it controls circumstances instead of it controlling him.”

-B. J. Palmer

ABOUT PALMER

Nearly 1/3 of the world's chiropractors began their professional journeys at Palmer College of Chiropractic - there's a reason for that.

Founded in 1897, Palmer College of Chiropractic is the first and largest chiropractic college. You'll find excellence in teaching and real-world chiropractic preparation from faculty and staff that are focused on your success. You'll learn a wide variety of chiropractic techniques while you earn the prestigious Palmer degree.

CHANGE LIVES BY DOING WORK YOU LOVE

If your idea of success is framed not only by personal achievement, but also by your ability to serve the community, then it's time to think seriously about a career in chiropractic.

Chiropractors enable healing and vitality through a chiropractic adjustment that restores proper nerve function and activates the body's healing processes. As a patient-centered health care provider, you'll be more than a doctor to them, and they'll become more than just patients to you as you help them toward well-being.

At Palmer College, you'll get the best value for your education, because you'll be trained, academically and professionally, for success in your future practice. No matter how you decide to put your Palmer education to use – as a solo practitioner, researcher, academician or any other number of options – you'll have the chance to make a difference in the lives of others.

ALIGNMENT IS EVERYTHING.

- **PALMER CURRICULUM** – world-class training in chiropractic technique
- **PALMER RESOURCES** – more than \$4 million allocated to student scholarships and grants

ACCELERATE YOUR CHIROPRACTIC EDUCATION

JUST GRADUATING FROM HIGH SCHOOL? Consider our Joint Admissions Agreements – these convenient, cost-effective prerequisite programs with community colleges near our Davenport, Iowa, and Port Orange, Fla., campuses prepare you for enrollment into the Bachelor of Science Completion program and/or D.C. program.

EARLY IN YOUR UNDERGRAD STUDIES? With as few as 45 credits you can transfer into Palmer's Bachelor of Science Completion program. It'll give you a solid start for a successful chiropractic career. Plus, the completed credits from the first year of the Doctor of Chiropractic Program will count toward your last year of the Bachelor of Science degree (approximately 30 credits), saving you one year of time and tuition.

IN YOUR SOPHOMORE YEAR? Palmer's 2+2 Agreements allow you to complete two years (60 credits) at a participating institution and then transfer into Palmer's Bachelor of Science Completion program and graduate concurrently with the D.C. program.

FINISHING YOUR JUNIOR YEAR? Earn dual credits and complete your final year of undergrad while starting in Palmer's Doctor of Chiropractic degree program with our 3+1 Agreements.
