Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

- First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

Prior to or on the first day of instruction you may cancel this enrollment agreement and receive a refund by providing a written notice to the Registrar PALMER COLLEGE OF CHIROPRACTIC SAN JOSE CAMPUS, 90 E. TASMAN DRIVE, SAN JOSE, CA 95134.

Refund Information: The student has a right to a full refund of all charges less the current amount paid for the current quarter's registration if he or she cancels this agreement prior to or on the first day of instruction. The charges not refunded as a result of being paid for the current quarter's registration may not exceed one hundred dollars (\$100.00). In addition, if a student withdraws from a class during the current quarter after instruction has started he or she may receive a pro rata refund for the unused portion of the tuition and other refundable charges if the student has completed 60% or less of the hours in the current quarter.

Withdrawal from the College requires written notification to the College Registrar. That refund shall be the amount the student paid for the instruction multiplied by a fraction, the numerator of which is the number of hours of quarterly instruction for which the student has paid. (For example, if the student completes only 32 hours within a single quarter out of a total of 384 hours and paid \$5,130 in tuition, the student would receive a refund of \$4,702.50). The school will also refund money collected for sending to a third party on the student's behalf such fees such as license or application fees applicable to the current quarter. No first time application fees shall be refunded. If the school cancels or discontinues an educational program during the current quarter, the school will make a full refund of all charges. Refunds will be paid within 45 days of cancellation or withdrawal. If the student has completed more than 60% of the number of class hours within the current quarter, no refund will be made. The pro-rata refund will be available if the student fails to complete the period of enrollment for any reason, including dismissal or other forms of termination.
